

The Dime Bank’s custom online banking start up page incorporates a customizable widget format within Dime On Line. It allows you to set up your landing page so you see only what you want to see.

Dime On Line start up page offers convenient access to your:

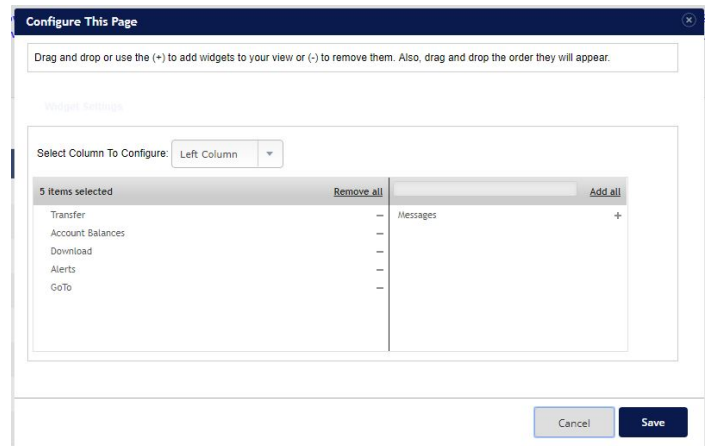

- **Account Balances**
- **Transfers**
- **Alerts & Messages**
- **Downloads**
- **And more!**

It’s your private banking dashboard that can be completely customized to your individual preferences. You can configure your own page display with the features most important to you.

Creating a custom online banking experience within Dime On Line is easy.

- Log in to your Dime On Line account
- Click on **Configure This Page** link below My Dime On Line tab to add widgets that will allow you to:
 - ✓ View account balances
 - ✓ Transfer funds
 - ✓ View alerts and messages
 - ✓ And more!
- Click Save

Removing a widget is as simple as clicking the “x” by each widget or by going to Configure This Page and removing the widget you don’t want to appear on your start up page.
